

UNIQUE FAREWELL

Rev. D. M. Harrison's Final Sermon on "The Pearl of Great Price"

UNION SERVICE ATTENDED BY
MASON, ELKS, BOY SCOUTS
AND MANY OTHERS

Beautiful Memento Presented in Name
of Host of Friends

Final words were said Sunday night at the Christian Church in Madisonville by Rev. D. M. Harrison the Presbyterian minister there, to members of his own congregation and those of other congregations, and to many others, saints and sinners, not members of any congregation. It was the occasion of his saying goodbye to Madisonville, of leaving his last message to the community the speaker has come to love very dearly during nearly three years of service there as pastor of the Presbyterian congregation. The services were held at the Christian church, because of its greater size, and ministers and members of other congregations joined there in a general union service to show their love and respect for the man and the preacher about to travel to another state. The Masons attended in a body, as did the Elks, and last came the Boy Scouts to also show their love and homage to a beloved friend and advisor. The choir had been especially made up of the best singers from the various churches and the music rendered was excellent.

At the Masonic Temple, before the services, in the presence of a large gathering of Masons and friends, a beautiful memento was presented to Mr. Harrison, in the form of a Knight Templar chain, as a token of love and appreciation. The gift was not from the Masons, nor from the Elks, but from the citizens of Madisonville without regard to lodge or church affiliation.

It was a touching incident and the recipient was affected so that he could make but brief reply, and life's a Scotch laddie who seldom wants for words. So the incident was not perfunctory but brought out the deep and sincere feeling on both sides. The presentation was briefly made by Hon. Ruby Laffoon.

Mr. Harrison goes to Moberly, Mo., where he will have charge of a larger congregation and more important work, but neither himself nor his many warm friends hereabouts can hope, perhaps, that he may find again more staunch friends in any other community to which his work of devotion may take him now or in the future. There follows him an almost unanimous God Speed. His sermon was upon "The Pearl of Great Price" and his admonition will be remembered "In temptation, or trial, or misfortune, wear your Pearl!"

Nose From Floating Rib.

Fort Wayne, Ind., Dec. 2.—Katherine Godfrey, 3 years old, is growing a bow nose, and the materials are the left floating rib from her body and flesh taken from the right forearm.

A year ago the child lost her nose through an accident. Three weeks ago physicians decided upon a novel operation. The floating rib was removed from the chest and buried in the forearm, where it was allowed to remain until flesh grew about it.

The forearm was then bandaged tightly to the child's face, where it will remain until the flesh and bone unite with the forehead. The final step will be cutting the forearm loose from the built-up nose and the placing of skin to prevent scars. Thus far every step in the operation has been successful.

TELEPHONE EXCHANGE BURNS DOWN

Fire Caused by Heavy Electric Voltage From Unknown Source—Two Operators Escape

LOSS ESTIMATED AT \$22,000

Hopkinsville, Ky., Dec. 2.—A most unusual fire causing a property loss of \$22,000, occurred here this morning between 1 and 2 o'clock, when the automatic telephone system of the Home Telephone company was completely destroyed by the telephone wires receiving such a heavy charge of electric current from some outside source, possibly a cross with an arc light wire, that the 1,850 miles of minute wire connections were totally burned out.

Not only are the three or four hundred subscribers deprived of telephone service but the fire alarm system for the town is likewise destroyed from the water.

The insurance is only \$8,000.

The Home and Cumberland telephone system were recently combined here under the name of Christian Todd Telephone Company.

DEAD IN CREEK BENEATH TRESTLE

Well Dressed Man Found Sunday
Near Nortonville With
Gashes in Head

LOOKS LIKE FOUL PLAY

James H. Christley, about 45 years old, well dressed and believed to have been a resident of Nashville, Tenn., was found dead Sunday morning in Drake's Creek under a trestle on the Illinois Central railroad, near Nortonville, the body being found in the water. A hole in his head, from which his brains were oozing out, shows how he came to his death. The body was found at 9 o'clock Sunday morning by J. T. Lacy and J. H. Fritz, who were en route to Nortonville. Indications point to foul play, but it is possible that the man fell from the trestle to the rocks below. One or two other bruises were found on his body. He had a ticket from Nashville to Paducah.

Coroner Stevens was notified and the body was removed to Nortonville and an inquest was held, the verdict being that he came to his death from some unknown cause. Papers found on the man indicated that his home was in Nashville. Parties in that city were notified, and the undertaking firm of O. Bryan, Utley & Co. were asked to take charge of the remains, prepare them for burial and send them to Nashville, which was done Monday afternoon.

Steamboat Engineer

The dead man was a steamboat engineer and was going to Paducah to take charge of a boat. Friday night he got off of train No. 54 from Nashville, at Nortonville, which is due there at 11:07. He spent the night at the station, and was seen with a stranger man before leaving. His grip was left in the waiting room, which was taken in charge by the officials. He was known to have \$10 on his person Friday night, but when his body was found 91 cents was all the money that could be found on him. Parties who saw him at the station state that he was apparently not in a normal condition.

Coroner Stevens stated that he believed the man fell from the trestle and that his head struck the rocks below, which caused his death. He stated there were scratches along the timber as if made by finger nails, indicating the man grasped at these as he fell, and stated also that his finger nails were torn, which led him to believe this was the manner in which he met his death. Others seem to think the man met with foul play, as the wounds indicate this. The stranger seen with him has not been located.

How The Red Cross Seal Originated.

"How did the Red Cross
Christmas Seal originate?" is a
question that is being asked by
many during this holiday season
when millions of these stickers
are being sold all over the United
States. To Jacob Riis, the well-
known social worker of New York
and to Miss Emily P. Bissell, the
energetic secretary of the Dela-
ware Red Cross, jointly belong
the honor of originating our
American Red Cross Christmas
Seal. In 1909 Mr. Riis' interest
was aroused by the receipt of a
Christmas tuberculosis stamp on
a letter from Norway. He pub-
lished an article about this queer-
looking stamp in the Outlook,
and suggested some possible uses
for it in this country. Miss Bis-
sell at once saw an opportunity
here and prepared a stamp, from
the sale of which her Society
realized \$3,000 for tuberculosis
work. So impressed was she
with this success that she induced
the American Red Cross to take
up the sale in 1908 on a national
basis. With very little organi-
zation and with hardly an at-
tempt at careful advertising, the

sale that year brought in, never-
theless, over \$135,000 for anti-
tuberculosis work in various
parts of the United States. In
1909, with more thorough organi-
zation, the sale was increased to
\$230,000, and in 1910 to nearly
\$310,000. Last year the sale in-
creased to over \$330,000, or 33-
1/3, 000,000 seals.

While our own Red Cross Seal
dates back only four years, "char-
ity stamps," from which this
idea originally sprung, go back
to 1862, when "sanitary fair
stamps" were first used in Bos-
ton to secure money for the care
of soldiers wounded during the
Civil War. Nearly \$1,000,000
was raised in this way during
the year 1862 to 1865. After the
war this method of raising money
was discontinued in this country
for a generation, although it
found vogue in Portugal, Switz-
erland, Austria, France, Spain,
Denmark, Norway, Russia,
Sweden and other European
countries. There are now hun-
dreds of different types of char-
ity stamps used in all parts of
the world, as many as forty be-
ing used in Austria for children's
hospitals alone.

Stamps or seals were first used
to get money for the anti-tuber-
culosis crusade in Norway and
Sweden in 1904. It was from
one of these stamps that Jacob
Riis and Miss Bissell received
their idea for our Red Cross
Christmas Seal.

The Most Wonderful Man in The History Of The World.

"But no matter how hospitable
men may be, when their homes
are full to overflowing they can
take no more guests, and this
was the condition in which Jo-
seph and Mary found the homes
in Bethlehem. To the inn they
made their way; but the inn was
simply a shelter—a shed enclos-
ing a court, with no furniture
and no other provision for the
comfort of the traveler than the
stone walls and the roof which
protected him from the storm.
Here upon the bare floor he could
spread his rugs for sleep; here
he could partake of the food that
he had brought in his baversack;
and his beast could be left secure
in the court within the building.

"Such were the inns, or khans,
of the East when Joseph and
Mary came to Bethlehem. But
even such cold comfort as this
was not for them. This bare
shelter was so crowded that there
was no room for them there. The
only place they could find was in
the stable, and this, as seems
probable, was a kind of cave or
excavation in the side of the
rocky, near the inn.

"It has been believed from the
earliest day that the place where
Jesus was born was a cave under
a sheltering rock. This story
was current among his followers
not a hundred years after his
death, and there is no reason to
doubt its truth. It was perhaps
some such place as the pioneer
in Minnesota and Dakota used to
call a "dugout"—a shelter, par-
tly underground, where man and
beast together were sometimes
forced to find protection from
the wintry cold. This was the
best entertainment Joseph and
Mary could find in Bethlehem;
and here it was that the wonder-
ful Babe was born, and found
His cradle in a manger.
"Thus it was that the life

A MESSAGE

To Feeble Old People.

As one grows old the waste of the
system becomes more rapid than re-
pair, the organs act more slowly and
less effectively than in youth, the cir-
culation is poor, the blood thin and
digestion weak.

Vinol, our delicious cod liver and
iron tonic without oil, is the ideal
strengthening and body-builder for old
folks, for it contains the very ele-
ments needed to rebuild wasting tis-
sues and replace weakness with
strength. Vinol also fortifies the sys-
tem against colds and thus prevents
pneumonia.

A grandniece of Alexander Hamil-
ton, over eighty years of age, once
remarked: "Vinol is a godsend to old
people. Thanks to Vinol, I have a
heart appetite, sleep soundly, feel
active and well. It is the finest tonic
and strength-creator I have ever
used."

If Vinol fails to build up the
feeble old people, and create
strength, we will return your money.

told of the young Child and His
mother; that the noblest archi-
tecture the world would ever see
would be that which prepared a
shrine for the worship of this
Babe of Bethlehem; that His
birthday would be kept all over
the world as a day for giving
gifts, and sharing pleasures, and
that it would be the happiest day
of all the days of the whole round
year?

"No; none of us could have
conceived of such a history as
that to whose beginnings we look
back on Christmas Day. There
has been no parallel to it in the
annals of the centuries. The
facts which I have recited give
some indication of the place that
He has won in the thought and
affection of mankind; but there
are those of us who believe that
the greatness of His dominion is
yet to be achieved; for it is only
within a generation that the real
nature of His kingdom has begun
to take possession of American
thought. The world is now at
last beginning to see what
Christianity means; that it really
proposes to shape the whole of
human society here and now ac-
cording to its law of good will;
that it calls us to supplant strife
by cooperation, and suspicion by
sympathy; to make the spirit of
Christmas the law of every day
in the year. It has taken the
world a long, long time to get
hold of the real meaning of
Christ's life and teachings and
death, but it begins to dawn
upon us in these first years of
the twentieth century; and when
the Christian Church learns to
put the emphasis where it be-
longs, His kingdom will come,
and His will be done in earth as
in heaven."

years ago by one of our national
heroes to his sweetheart during the period of
1861 to '65. This great general will go down to
posterity as having accomplished one of the
most brilliant feats of arms in the history of
the world. He was as great a lover as he was
a general, therefore these letters combine au-
thentic history and exquisite romance. They
sound a human note that no other work of
literature has done in a decade; it is history, it is
literature. You simply can't afford to miss this wonderful series—an inside
story of the Civil War now published for the first time and containing all
the freshness of a contemporary happening. These letters will grip you head,
and hold your interest from first to last. Fill out the coupon and send for
now before you forget it.

Smallpox Scare Has Subsidied and Ser-
vices Will be Held Today

Seerree, Ky., Nov. 30.—Services
will be held in the churches here
tomorrow for the first time since
the smallpox epidemic broke out.
There are but a few cases of the
disease here now, and all danger
has passed. Business, which re-
mained at a standstill while the
disease was raging, is beginning
to assume a normal appearance.
The merchants are expecting a
big holiday business.

FAMOUS STAGE BEAUTIES

look with horror on Skin Eruptions,
Blotches, Sores or Pimples. They
don't have them. For all such
troubles—use Bucklen's Arnica
Salve. It glorifies the face. Excel-
lent for Eczema or Salt Rheum. It
cures sore lips, chapped hands, chil-
blains; heals burns, cuts and bruise-
s. Unsurpassed for piles. 25c at

A WOMAN IS AS OLD AS SHE LOOKS

Thousands of women
owe their youth-
ful appearance to
Newbro's Herpicide.
No matter what may
be her age, a woman
with a nice head of
hair, hair that is soft,
glossy and fluffy, al-
ways looks younger
than she is.
Herpicide makes the
hair beautiful with
that sheen and shimmer
which is so at-
tractive and always
indicates a healthy,
natural growth. It
keeps the scalp free
from dandruff and the
hair from falling out.
There are remedies said to be "just as good,"
but Herpicide is the genuine original dandruff
scalp destroyer.
One dollar size bottles are guaranteed.

Stiff Joints Sprains, Bruises

are relieved at once by an applica-
tion of Sloan's Liniment. Don't
rub, just lay on lightly.

"Sloan's Liniment has done more
good than anything I have ever tried
for stiff joints. I got my hand hurt so
badly that I had to stop work right in
the busiest time of the year. I thought
at first that I would have to have my
hand taken off, but I got a bottle of
Sloan's Liniment and cured my hand."
WILSON WHEELER, Morris, Ala.

Good for Broken Sinews
G. G. Jones, Baldwin, L. I., writes:
"I used Sloan's Liniment for broken
sinews and sprains caused by a fall
and to my great satisfaction was
able to resume work in less than three
weeks after the accident."

SLOAN'S LINIMENT

Pine for Sprain

Mr. HENRY A. VOELKL, 84 Somerset
St., Plainfield, N. J., writes: "A
friend sprained his ankle so badly
that it was black. He laughed when
I told him that I would have him out
in a week. I applied Sloan's Liniment
and in four days he was working and
said Sloan's was a right good Lin-
iment."

Write Ideas for Moving Picture Plays

YOU

can write photo plays and earn \$25. or more weekly.

WE WILL SHOW YOU HOW!

If you have ideas-- if you can **THINK**--we will show you the secrets of this fascinating new profession. Positively no experience or literary excellence necessary. No "flowery language" is wanted.

The demand for photoplays is practically unlimited. The big film manufacturers are "moving Heaven and Earth" in their attempt to get enough good plots to supply the ever increasing demand. They are offering \$100. and more, for single scenarios, or written ideas.

Nearly all the big film companies, the buyers of photoplays, are located in or near NEW YORK CITY. Being right on the spot, and knowing at all times just what sort of plots are wanted by the producers, our SALES DEPARTMENT has a tremendous advantage over agencies situated in distant cities.

We have received many letters from the big film manufacturers, such as VITAGRAPH, EDISON, ESSANAY, LUBIN, SOLAX, IMP, REX, RELIANCE, CHAMPION, COMET, MELIES, ETC., urging us to send photoplays to them. We want more writers and we'll gladly teach you the secrets of success.

We are selling photoplays written by people who "never before wrote a line for publication."

Perhaps we can do the same for you. If you can think of only one good idea every week, and write it out as directed by us, and it sells for only \$25., a low figure.

You Will Earn \$100. Monthly For Spare Time

FREE

Send your name and address at once for free copy of our illustrated book, "MOVING PICTURE PLAYWRITING"

Don't hesitate. Don't argue. Write now and learn just what this new profession may mean for you and your future.
